As we approach the end of the decade, it would be great if all team captains and managers can take a photo of their respective teams and provide to the club so that we can update the club house with some new team photos.

Competition Team Tennis 2010.

Teams have been selected for both senior and junior team tennis next year. Only those financial members who have registered with fees will be included. If you have been sitting on the fence, then make a move before you miss out altogether. See David or Shane at social tennis.

With the peak summer season now upon us, members are requested to share the courts. If the courts are full, no singles play is permitted and members must make up doubles. Then every 30 minutes, courts are to be vacated for other members to make up a doubles set. No trollies or baskets are permitted on the courts when people are on adjacent courts or waiting.
